### Method of measuring attainment of POs, PSOs, and COs:

The college which is under Gauhati University is following the semester system. Here learning outcomes are measured through internal assessment procedures like home assignments, seminar presentation, project works etc. External assessment procedures like sessional examinations, mid and end semester examinations etc. are used to measure the learning outcomes. The final result of the students are declared by the university using the cumulative grading formula.

### Level of attainment:

The department measures the level of attainment through the success of the students in different competitive examinations as well as their enrolment into higher education.
