About Library

The library of Handique Girls' College was established along with the establishment of the college in 1939. The first library professional of the library was Late Jogeswar Sharma with a designation of Clark Librarian. In the year 2008 the college authority has decided to modernize the library and accordingly in August 2009 the library was shifted to a separate building spreading across two floors with 458 sq. mt. area in its premises.

The library is named as "Rajabala Das Library" in honour of the founder principal of the college. Now, Handique Girls' College has a modern well-equipped automated library with an impressive collection of books, journals, newspapers, magazines, e-resources like CD/DVD, e-journals, e-books, bibliographic databases, etc. Two OPAC terminals are installed to facilitate searching and browsing of catalogue, although WEBOPAC can be accessed from all the terminals of the Intranet as well as Internet.

The library with its open access system and spacious reading area provides an atmosphere conducive to the excitement of mental discovery. Students are encouraged to become sagacious users of the library which is a welcome haven for intellectual pursuits.

Moreover, each department of the College has an individual library called departmental library, which provides additional help to students and teachers in their academic pursuits. The library also provides access to e-resources to the teachers and students of the College through UGC-INFILIBNET N-List programme.
