NOTICE

The Education Department, Government of Assam's Order No. ASE.01/2020/Pt-II/169 dated 28.09.2021, has notified the reopening of all Degree and Post graduate classes w.e.f. October 1, 2021, maintaining Covid protocol. Physical attendance of students in the Institution is optional and online classes will continue.

Pursuant to the aforementioned Government Order, and considering logistical issues, physical classes for the students in the 3rd Semester class of undergraduate courses (those who are being promoted from the 2nd Semester) in Handique Girls' College, will commence on Monday, the 4th of October, 2021. Classes for the newly admitted students in the 1st Semester of Degree classes will begin once the admission process is over and the date of commencement of classes will be notified in the College website.

3rd Semester students of the undergraduate courses are asked to urgently inform the Heads of their respective Departments of their intention to join physical classes from October 4, 2021. This will enable the College to plan the classroom seating as required in the COVID protocol.

Heads of Teaching Departments are requested to make necessary arrangements for online classes for those students who are unable to come to the institution.

Students in Postgraduate Courses will be informed of the commencement of classes by their respective departments.

(Utpal Dutta)
